

# SERVER MANAGEMENT

From Sierra w/o Wires, Inc.

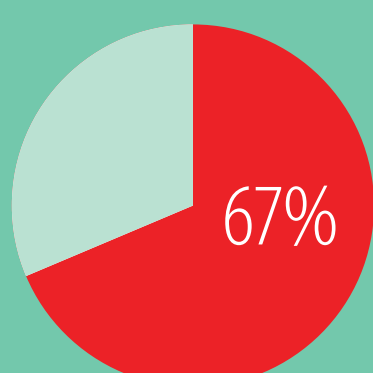

## Did you know?

A North American business loses an average of **\$159,331** per year due to IT downtime and data recovery.

### Server Management

In 2012, US in-house IT Teams spent 62% of their time each month on server management.

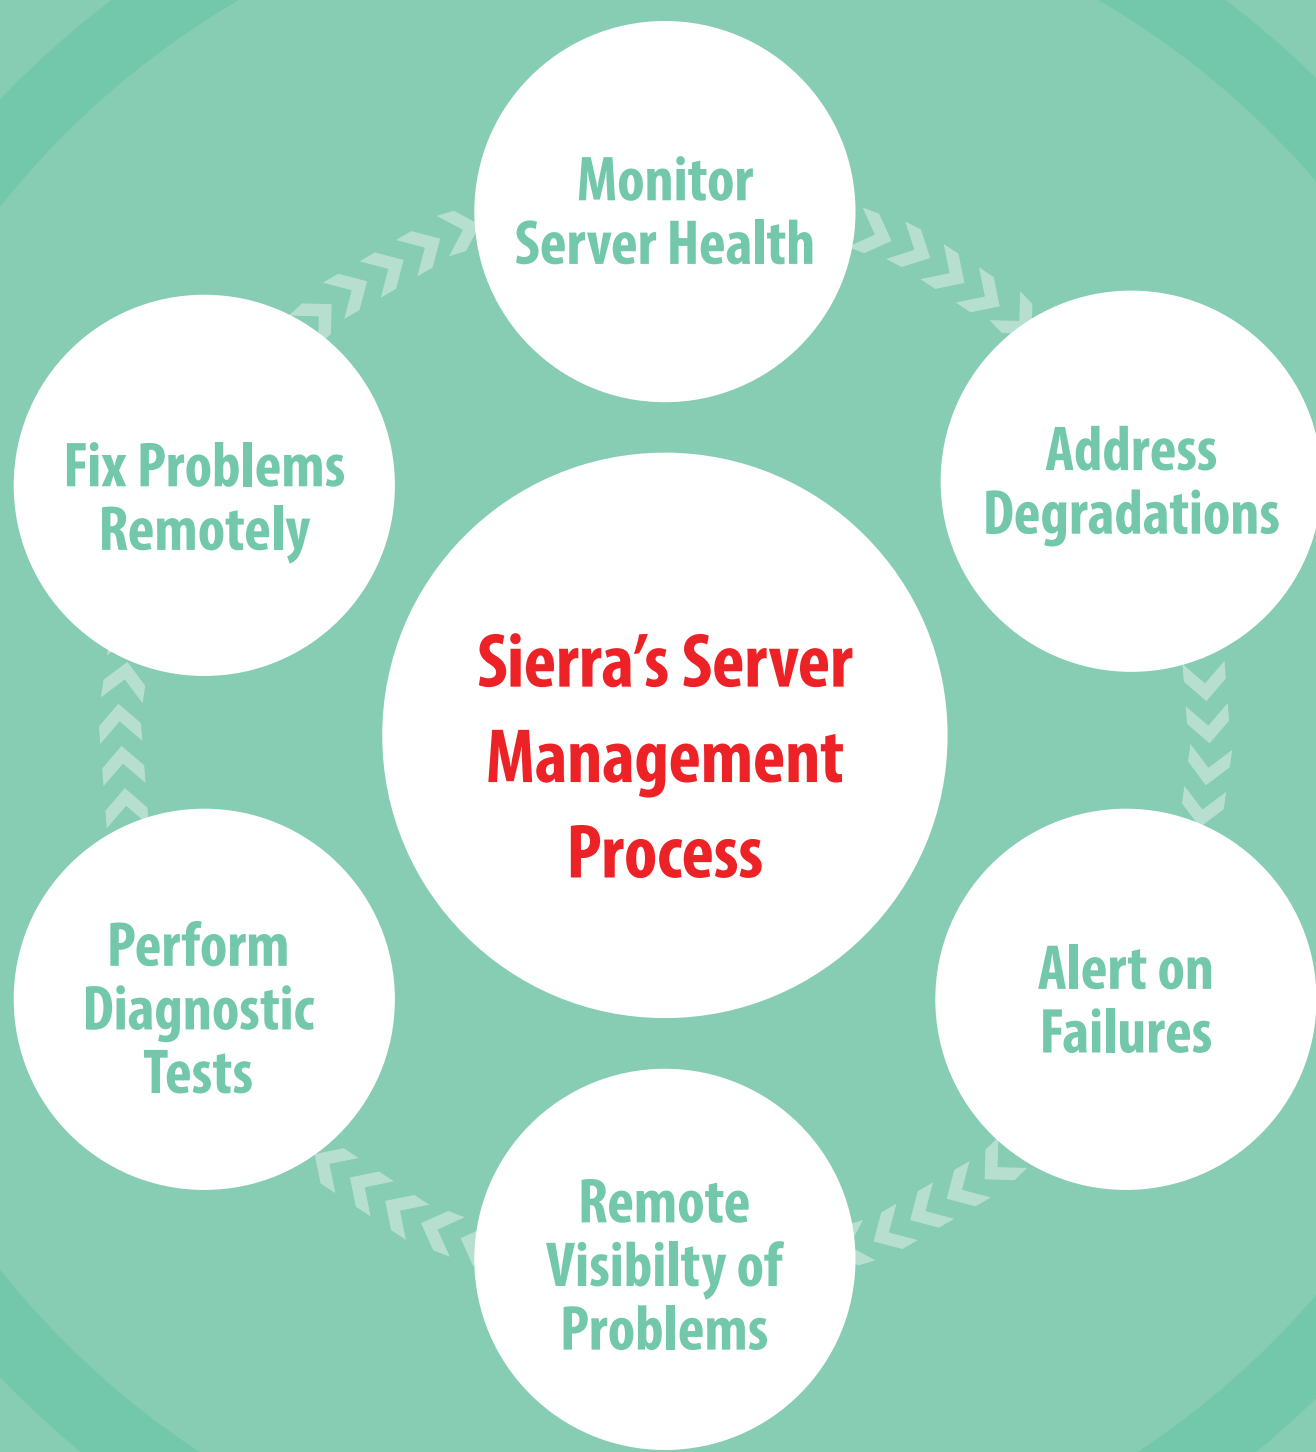

### Failed Capacity Planning

In 2012, 67% of US businesses purchased the wrong number of servers.

You can avoid becoming one of these statistics by switching to remote server management with Sierra.

## Benefits of Remote Management

- ★ Quick Setup
- ★ Affordable
- ★ Easy Maintenance
- ★ Redundant Backup
- ★ Disaster Recovery
- ★ Fast Response
- ★ Reduced Downtime
